

# Installation Guide

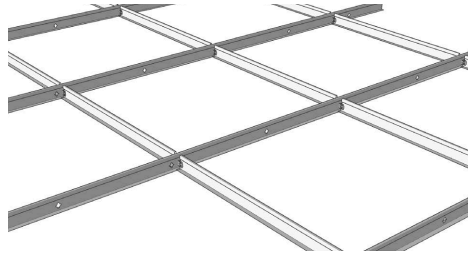

## FLOC 3D ACOUSTIC TILE

SUSPENDED CEILING

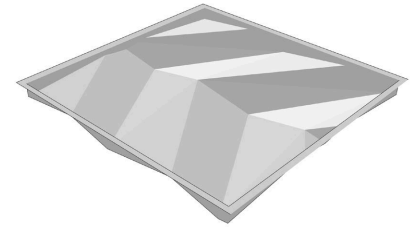

### YOU WILL NEED

HOLD-DOWN CLIPS

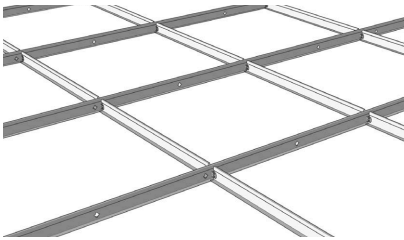

TWO WAY EXPOSED CEILING GRID

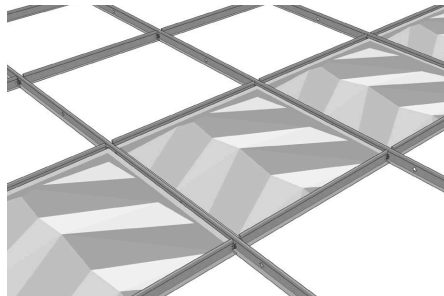

600X600 FLOC 3D CEILING TILE

step 1

step 2

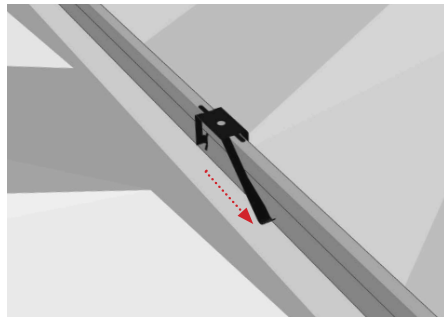

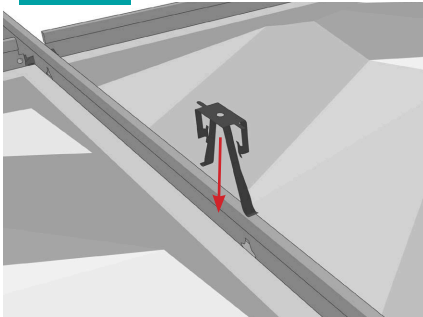

**step 1**

Floc 3D Acoustic Suspended Ceiling Tiles are 600x600. Construct two-way exposed suspended ceiling grid in 600x600 modules as per manufacturers instructions.

**step 2**

Insert Floc 3D tiles into the grid. Check the tile orientation. Install one line at a time.

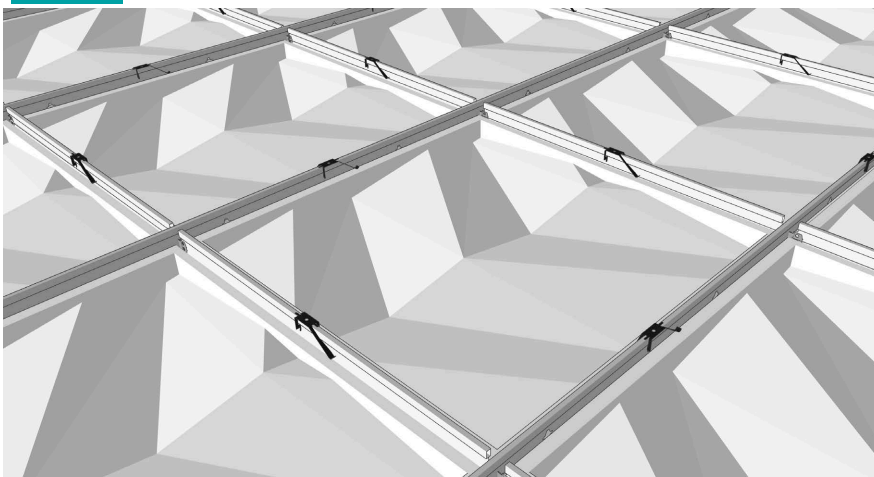

step 3

**step 3**

Clip tiles with hold-down clips once the row is installed. Place one clip wherever two tiles meet.

step 4

**step 4**

Install the rest of the tiles in the same way to finish.
